

Strella Paper 140 satin 3985

product data

Description

Strella Paper 140 satin 3985 is a satinated, barrier-coated inkjet paper for high resolution ink jet printing with solvent inks. It is a "non-cockling" paper designed for very high speed printing.

Applications

For full color large-format display graphics for indoor applications, as poster- and backlit-paper. Suitable for solvent ink printers and selected new printers. (eg. Aprion) Posters, indoor displays and advertising panels, backlit sign displays.

List of Printers

Printer	Ink
Aprion Shaldag, Scitex Superjet	Special water based ink
NUR Fresco 1600/1800/3200 and Salsa 1500	Solvent ink
Scitex Novo, Scitex Grandjet	Solvent ink
MIMAKI JV-3	Solvent ink
Mutoh Albatros, Mutoh Toucan	Solvent ink
INFINITI	Solvent ink

Please contact your local Sihl representative for additional information about applications and use.

Advantages

High color brilliance and image sharpness. For use on wide format- and super wide format-printers with solvent inks.

Physical Properties

Total weight	140 g/m ²	ISO 536
Thickness	125 μm	ISO 534
