

# VAB-00411

## GS Series Solvent and Wipe Requirements

The GS Series of printers have specific requirements for wipes and Head Conditioning Fluids. To maintain any jet pack and printer warranties, operators must follow these requirements.

<b>Applies to</b>	All VUTEk GS Series printers

## Audience

This document is for all owners and operators of VUTEK GS Series printers.

## EFI-Approved Jet Pack Wipes

Verify that the wipes used to wipe the Jet Packs match the following part number.

Printer Series	Part Number	Description
GS Series	45090057	Polyurethane wipes

**Caution!** Using unapproved wipes on the jet packs will void any jet pack warranty. Jet pack wipes are not interchangeable between printer families.

## EFI-Approved Cleanroom Wipes

The following wipes are allowed for maintenance procedures, including cleaning ink spills, applying lubricants, or other procedures not related to jet pack care.

Printer Series	Part Number	Description
GS Series	45077321	Knitted polyester wipes

**Caution!** Never use knitted polyester wipes on the GS Series Jet Packs.

## EFI-Approved Head Conditioning Fluids - Printer only

Verify the Head Conditioning Fluid used in the printer matches the following table.

**Caution!** These recommendations are for use in the printer itself, e.g., the Solvent Bottle.

Printer Series	Ink Type	Required Head Conditioning Fluid
GS2000, GS3200 & GS5000r - All printers, all states	All GS Series Inks	45084854 - Head Conditioner GS Series

**Caution!** Using unapproved head conditioning fluids will void any jet pack warranty. Head Conditioning Fluids are not interchangeable between printer families.

## EFI-Approved Head Conditioning Fluid - Jet Wash Station and Wiping Jet Packs

Verify the Head Conditioning Fluid used in the Jet Wash Station and while wiping the jet packs matches the following table.

**Caution!** These recommendations are for use in the Jet Wash Station and when wiping the jets only.

Printer Series	Ink Type	Required Head Conditioning Fluid
GS2000, GS3200 & GS5000r - all states, including CA	All GS Series Inks	45083468
GS2000, GS3200 & GS5000r - Non-California use	All GS Series Inks	45084567

**Caution!** Using unapproved head conditioning fluids will void any jet pack warranty. Jet Recovery Stations are not interchangeable between printer families.
